

## Bible Apps for Kids and Families

The Youversion Bible app for kids is Free to use. Each animated bible story has an activity page to go with it. Because you will need to download each story I would recommend this for a tablet rather than a phone. Great for young children and early readers.

The NIV Adventure Bible game app is a great pairing with the NIV Adventure Bible that we give to our 3<sup>rd</sup> graders. From games like Leopardy and Bible Millionaire to Leaping Lemur and X Marks the spot this game provides a fun way to help our elementary kids to read and learn about the Bible.

Do you have an iPad? The Beginner's Bible App is free for the initial story pack. Activities include 6 bible stories, coloring pages, puzzles and games. You can purchase additional story packs, using in-app purchasing for \$1.99 each.

The Family Round the Table app by GenOn ministries features 52 weeks of weekly scripture readings, themes and menus for dinner, activities for each week, Bible study lessons for the family and much more. This is a great option for families to grow their faith around the dinner table. The app is Free.

D365 Daily Devotionals is the Free mobile version of the online daily devotional experience. This is written for youth, but is also great for adults. D365 routinely offers relevant reflections for youth on themes that impact their faith journey.

The PC(USA)'s Daily Prayer app provides brief Daily prayer based on the Presbyterian Book of Common Worship. This includes psalms for the day, readings from the daily lectionary, and prayers of thanksgiving and intercession. The cost of this app is \$2.99.
