Faith Formation Committee

Present: Andrew Kirkpatrick, Carey Gerstner, Jimmie Espich

Report to Session

The Faith Formation Committee met to discuss Congregational Vitality and the support that the Faith Formation Committee can give to Lifelong Discipleship Formation. We will meet again to focus just on that topic using material provided by PCUSA to guide us.

Carey reports that the Preschool is returning to having chapel every other week. She helps to lead that program.

If the Session concurs, the Junior Disciples program will begin meeting in person March 2. Carey has had both parts of the Covid vaccination. There are 13 children in the group.

If we return to in person worship March 7, **the Faith Formation Committee recommends** reopening adult Sunday school on March 14 with a study supporting Lent.
